

Maxwell Unified School District

Transportation Plan

2022-23

Transportation Services:

1. Enter description of transportation services offered to pupils, and how the LEA will prioritize planned transportation services for pupils in transitional kindergarten, kindergarten, and any of grades 1 - 6 inclusive and pupils who are low income. The Plan may provide for the LEA to partner with municipally owned transit system to provide services to middle and high school students. An LEA may provide no-cost transit passes to students.

The Maxwell Unified School District offers free bus transportation to and from school for all students in grades TK-12, regardless of economic status. We run a bus in the valley and also to our rural students who reside in Stonyford, 31 miles to the west. We also have students who reside in Colusa who ride the Colusa County Transit to and from school. For students who are homeless or foster, the district provides a voucher so they ride free.

2. Enter description of LEA's transportation services that would be accessible to pupils with disabilities, and homeless children and youth.

Students with disabilities, and homeless children and youth have access to all busing throughout the district. Students with Individual Education Plans have their specific transportation needs addressed in the IEP. Those transportation needs will be met through the Colusa County Office of Education. The district's homeless liaison ensures transportation needs for homeless students are met and can provide vouchers for students who come from Colusa or Williams to ride the Colusa County Transit.

3. Enter description of how unduplicated pupils would be able to access available home-to-school transportation at no-cost to the pupils.

Maxwell Unified School District does not charge a fee for any home-to-school transportation; therefore, all students, including unduplicated pupils, ride the bus free of charge.

Consultations:

Enter description of the required plan consultation with classified staff, teachers, school administrators, regional local transit authorities, local air pollution control districts and air quality management districts, parents, pupils and other stakeholders.

The Colusa County Superintendent of Schools submitted the plan to Colusa County Air Resource Board and Colusa County Transit Authority for input and feedback. Additionally, the plan was sent to all staff members for review and an opportunity to provide feedback.

Board Approval Date: March 8, 2023 *(must be on or before April 1, 2023)*

The Transportation Plan was developed in accordance with Education Code Sections 39800.1 and 41850.1.
