General Fund Revenue

Revenue

- Base support is comprised of salary and benefit apportionment and discretionary funding.
 - Salary and Benefit Apportionment is based on estimates for net student enrollment of 2530 with 93% attendance, giving us a mid-term ADA of 2344 or 117.8 support units.
 - On September 30, our current enrollment was 2587 with an ADM of 2503 and ADA of 2370, with just under 95% attendance

Net Enrollment

Mid-Term	Full Year	Mid-Term	Full Year	Mid-Term	Full Year	Mid-Term	Full Year		
2479	2488	2590	2572	2619	2564	2579			

- Local Support under the revised budget will be less because of the School Facilities Distribution which will replace \$887,110 of the supplemental levy and, will in turn increase the amount of the state support.

As a reminder:

- We received our first state foundation payment of \$9,323,734.00, approximately fifty percent of our foundation revenue. At the five month point, we will have received a total of approximately 70%.
- In February, payment will be based on the actual current data. Until then it is dispersed on the prior year's distribution ratios.
- State support includes the increased funding for literacy proficiency, which was provided in part to help fund kindergarten.
- 2023/24 state salary apportionment increased due to legislation which changed the staff funding factors.
- Local support includes the new supplemental levy for \$1,000,000.
