

To a major extent, the residents of New Hanover County bear financial responsibility for the public school system, which is charged with providing education for school-age children domiciled (or in some cases residing) within the county. To ensure that school funds are spent for the benefit of residents, the board generally must limit admission to students who meet the domicile or residence requirements outlined in policy 4120, Domicile or Residence Requirements, or those covered under a written agreement with an adjoining administrative unit. Special permission for discretionary admission may be granted only upon recommendation by the superintendent and approval by the board.

All discretionary admissions decisions will be made in a manner that is not arbitrary, capricious, discriminatory, prohibited by state or federal law, or for personal or political reasons.

A. REASONS FOR DISCRETIONARY ADMISSION**1. Student Admission as an Employee Benefit**

As a benefit of employment, full-time school system employees may enroll their non-domiciled students in the school in which they work or the school nearest to where they work, or in the case of the bus drivers, in a school for which they drive. To take advantage of this benefit, employees must complete a form in the receiving school principal's office providing their name, position, and place of employment, as well as their student's name and grade. Out-of-county employees also may make application to any open choice school just as any resident of New Hanover County.

~~Employees exercising this benefit are required to provide the student's transportation to and from school.~~ Excessive tardiness or excessive unexcused absences of the student may cause revocation of this benefit. Should an employee's work status or worksite change, the employee may request that his or her student be allowed to complete the grade level at the current school.

The Student Assignment Plan describes which schools are considered closest to an employee's place of employment, for purposes of this policy. The place of employment for system-wide employees is the school in which they spend the majority of their time.

A non-domiciled student may be enrolled (1) to provide for the continuous progress of students whose families move to and from the school system during the school year or (2) if another extraordinary, specific, and compelling need or hardship is demonstrated.
