

Policy Code: 2120 Code of Ethics for School Board Members

The board recognizes that, collectively and individually, all members of the board must adhere to a code of ethics as required by [G.S. 160A-86](#) and [G.S. 115C-47\(57\)](#).

A. Board Member Ethical Requirements

The following standards will guide each board member in the performance of his or her official duties:

1. the need to obey all applicable state and federal laws regarding official actions taken as a board member;
2. the need to uphold the integrity and independence of the board member's office;
3. the need to avoid impropriety in the exercise of the board's and board member's official duties;
4. the need to perform faithfully the duties of the office; and
5. the need to conduct the affairs of the board in an open and public manner, complying with all applicable laws governing open meetings and public records.

B. Specific Board Member Commitments

In order to implement the above standards, each member of the board commits to do the following:

1. attend all regularly scheduled board meetings insofar as possible and become informed concerning the issues to be considered at those meetings;
2. endeavor to make policy decisions while always keeping in mind the objective of providing students the opportunity to receive a sound basic education and only after full discussion at publicly held board meetings;
3. allow controversial issues to be presented and considered fairly and without bias;
4. render all decisions based on the available facts and independent judgment and refuse to surrender that judgment to individuals or special interest groups;
5. model civility **and integrity** to students, **parents**, employees, **vendors**, and all elements of the community by encouraging the free expression of opinion

by all board members; and engaging in respectful dialogue with fellow board members, students, parents, employees, and vendors on matters being considered by the board; and complying with all board policies that set expectations for conduct, regardless of whether the policies expressly require compliance by board members;

6. respect the confidentiality of information that is privileged under applicable law and refrain from unauthorized disclosure of matters discussed in closed session;

7. work with other board members to establish effective board policies and to delegate authority for the administration of the schools to the superintendent;

8. seek systematic communications between the board and students, staff, and all elements of the community;

9. communicate to other board members and the superintendent expressions of public reaction to board policies and school programs;

10. learn about current educational issues by individual study and through participation in programs providing needed information, such as those sponsored by the state and national school boards associations;

11. comply with [North Carolina General Statute 115C-50](#) by earning the required 12 hours of training every two years;

12. comply with [G.S. 160A-87](#) by earning two hours of ethics education within 12 months of election or appointment to the board;

13. support the employment of those persons best qualified to serve as school employees and avoid allowing personal relationships and biases to influence decision making;

14. refrain from investigating or attempting to resolve complaints received personally, but instead direct the complainant to follow the board's complaint or grievance process to resolve concerns;

15. represent the entire county without fear or bias;

16. avoid being placed in a position of conflict of interest and refrain from using the board member's position on the board for personal or partisan gain;

17. as stated in board policy 2121, Board Member Conflict of Interest, refrain from participating in, deliberating on, voting on, or attempting to influence any person with respect to any matter pertaining to the employment with the

board of the board member's spouse, including but not limited to hiring, transfer, promotion, demotion, suspension, discipline, performance evaluation, or review or investigation of a complaint of any kind;

17-18. take no private action that will compromise the board or administration;

18-19. remember that a board member is a part of a governance team;

19-20. recognize that the strength of a school board is as a board, not as individuals;

20-21. demonstrate respect toward our country and all persons; and

21-22. remember always that a board member's first and greatest concern must be the educational welfare of the students attending the public schools.

23. to not seek individual retaliation of other board members' motives for personal reasons, i.e., religious and/or political; and

24. to understand our role and not overstep as a board member, a chairperson liaison, or an appointee to subcommittees.

All newly elected board members are expected to sign a code of ethics statement that includes these provisions at the organizational meeting of the board.

In the event that the chairperson believes that a board member has violated this Code of Ethics, the chairperson may afford the board member an opportunity to make an apology at a board meeting in open session.

Regardless of whether the board member makes an apology at a board meeting in open session, the board member may be subjected to a disciplinary action by the board upon a majority vote of the board that the board member violated this Code of Ethics. Such actions may include, but are not limited to, (1) a censure, (2) a removal of the board member from committee assignments for any period of time (notwithstanding the chairperson's authority to name committee members on an annual basis under Policy 2230), and/or (3) the loss of other privileges, so long as any such actions are not inconsistent with law.

A board member's willful failure to discharge duties may result in criminal charges pursuant to G.S. 14-230, punishment for which could include removal from office.
