

EXHIBIT A: BASIC EDUCATION COMPLIANCE

Submitted for the December 2020 Board meeting by Parker Teed, Basic Education Manager

Introduction

Annually, State Board of Education staff process basic education compliance reports from all public school districts. Between late July and November, school districts assure the state that they are meeting minimum requirements of the program of basic education. Staff examine the data for errors or issues of non-compliance, verify results, and analyze the findings. Based on State Board of Education staff review of each school district's program assurance form, the following school districts are recommended to be certified as being in compliance with basic education approval requirements for the 2020-2021 school year. This list comprises 218 of the 295 school districts in the state. Staff are working with the remaining school districts to correct data or otherwise meet necessary compliance requirements.
