

## **EXHIBIT A: BASIC EDUCATION COMPLIANCE**

---

*Submitted for the January 2021 Board meeting by Parker Teed, Basic Education Manager*

### **Introduction**

Annually, State Board of Education staff process basic education compliance reports from all public school districts. Between late July and November, school districts assure the state that they are meeting minimum requirements of the program of basic education. Staff examine the data for errors or issues of non-compliance, contact districts to verify results, and analyze the findings. Based on State Board of Education staff review of each school district's program assurance form, the following school districts are recommended to be certified as being in compliance with basic education approval requirements for the 2020-2021 school year. At the November board meeting, a list of 218 of the 295 school districts in the state was approved and this list consists of the remaining 77 school districts.
