2018-19 Capping Recommendations

The criteria for determining whether a school should be capped:

- Class size legislation
- When a school will realize capacity loss
- When core facilities (dining, parking, pedestrian & vehicle traffic, toilets, media, student support, etc.) have been significantly overloaded by enrollment.
- When a school has used all means of accommodating students, staff, and programs to include sharing and floating educational programs.
- When trailer additions are not available.
- When attending enrollment reflects and/or base growth projects a significant enrollment beyond capacity, particularly at the entry level grade.

2018-19 Capping Recommendations

Staff recommends the expiration of the enrollment cap at Apex MS and Enloe HS.
Staff recommends that the 4 schools listed below continue their enrollment cap for the 2018-19 school year:

SCHOOL	2018-19 TOTAL CAP ENROLLMENT	2017-18 Unofficial PMR2	School Capacity % Crowding	School Capacity w/ Trailers % Crowding	POTENTIAL OVERFLOW SCHOOL
Baileywick ES	456	419	102.7%	102.7%	Lead Mine
Carpenter ES	778	823	126.2%	118.9%	Turner Creek ES
Cedar Fork ES	887	1,014	182.4%	127.4%	Reedy Creek ES
Combs ES	794	910	189.2%	129.8%	Swift Creek ES
