

Regulation 7310: Naming Of Facility

Status: ADOPTED

Original Adopted Date: 05/11/2016 | **Last Reviewed Date:** 05/11/2016

Santa Rosa City Schools
Administrative Regulations 7310
Naming of Facilities

Public Participation in Facilities Naming and Renaming Processes

The Board encourages community participation in the process of selecting school names. A Community Advisory Committee shall be appointed to review name suggestions and submit recommendations for the Board's consideration.

Facilities Naming Community Advisory Committee

The Superintendent or their designee shall compose the Facilities Naming Community Advisory Committee by inviting representatives from each of the following:

- At least half of its members from community-based organizations or businesses, reflecting the diversity of the students in the school district
- At least one representative from the local area's historical community
- At least one representative from an SRCS Parent Organization
- At least one representative from each of the district's bargaining units
- At least one representative from the district's non-represented employees
- At least one student representative from a High School Associated Student Body
- At least one representative from the District English Learner Advisory Committee

The role of the advisory committee will be to review the Facilities Naming request forms and develop a list of names for the Board's consideration and provide background on the names recommended to the Board. This is an Ad Hoc committee that will be convened as requests for facilities naming are submitted. The Board of Education has the final responsibility for naming the facilities.

If the Board requests a review of the existing policy, the advisory committee will review the current policy and make recommendations for policy revision/s.

Before adopting any proposed name, the Board shall hold a public hearing at which members of the public will be given an opportunity to provide input.

Effective: May 11, 2016
